## EDUCATION

### University of Lagos, Nigeria

B.Sc. Social Work (Jan 2019 – Aug 2024)

### University of Lagos, Nigeria

Diploma in Social Development and Administration (Dec 2016 – June 2018)

## WORK EXPERIENCE

### Freelance Product Designer | Various Clients: Afrikx, Spenditure, Local Startups (Feb. 2022 – Present)

- Delivered cutting-edge solutions for a diverse range of clients spanning different industries, showcasing adaptability and creative prowess.
- Led end-to-end product design processes, navigating from initial ideation and prototyping to final implementation, demonstrating a keen eye for detail and user-centric design.
- Rigorously conducted usability testing, collected actionable feedback, and iteratively enhanced designs for continuous improvement.
- Proficient in using design and prototyping tools such as Figma for efficient workflow and collaboration.

### Product Designer Intern | SideHustle (Oct. 2021 – Dec. 2021)

- Spearheaded the conceptualization and execution of diverse product design initiatives, introducing innovative solutions to intricate challenges.
- Crafted visually compelling and functionally seamless designs for cross-platform applications, focusing on enhancing user experiences in on-demand transportation, food delivery, and financial and budgeting services.
- Took charge of the redesign of a pivotal interface, resulting in an impressive 20% surge in user engagement.
- Conducted comprehensive user research, delved into feedback sessions, and iteratively refined designs for an optimal and user-centric experience.
- Utilized industry-standard tools like Figma and Miro for wireframing, prototyping, and final design implementation.

## NOTABLE PROJECTS & EXPERIENCE

### Product Design Projects

- Charity Organization & Community Website - Elitesgen, Nigeria**
  - Pioneered the ideation and conceptualization of the website's design, aligning it with the organization's mission and values.
  - Implemented interactive elements, forums, and collaborative spaces to strengthen the sense of community.
  - Implemented responsive design principles using auto-layout to ensure optimal performance across various devices.
  - Facilitated seamless communication and feedback loops among team members, streamlining the design workflow.
- Finance App Redesign - Spenditure, Nigeria**

- Led a comprehensive UI/UX overhaul of a finance app, significantly elevating accessibility and user satisfaction.
- Implemented intuitive navigation structures and visually appealing elements, resulting in a seamless and delightful user experience.
- Employed advanced prototyping techniques and animations to enhance user interaction and create an engaging interface.

### **Web Development & Coding Projects**

- Successfully executed numerous projects showcasing prowess in both frontend and backend development, adhering to industry best practices and maintaining stringent code quality and security standards.
- Expertly integrated secure payment gateways, enhancing transaction reliability across various projects.
- Implemented RESTful APIs using Django, ensuring smooth communication between frontend and backend systems.

### **Team Projects**

- Collaborated on diverse team projects, bringing a unique blend of creativity and technical expertise to each endeavor.
- Assumed a leadership role in the development of a mobile-responsive dashboard, significantly improving user accessibility and data visualization.
- Utilized version control systems like Git for efficient collaboration and code management within the team.
